## MEDICINAL.

Family cares and duties do not weigh down the well woman, and the children are never in her way. But when the womanly health fails, and there is a constant struggle with weakness and pain, household duties are a burden almost past bearing, and children are a ceaseless annoyance and worry.

Weak women are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries disagreeable humors, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I had been all my life, troubled with female weakness," writes Mrs. Wm. H. Johnson, of Avondale, Chester Co., Pa. "Every month I would have to lie on my back. I tried many different medicines and nothing gave me relief until I began Dr. Pierce's medicine. Using two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' These medicines have cured me. When I began your treatment I was not able to do very much, but now I do the work for my family of nine, and feel better to-day than I have for a year. I thank you, doctor, from the bottom of my heart, for well do I know that you are the one who cured me."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets are the best laxative for family use.

## CATARRH Nasal

In all its stages there should be cleanliness.

Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

COLD IN HEAD. Cream Balm is placed into the nostril, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying, does not produce sneezing. Large size, 50 cents at druggists or by mail; trial size, 10 cents by mail. ELY BROTHERS, 56 Warren street, New York.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membrane lining the stomach.

## NEWSPAPER BLAMED.

There is virtual unanimity of opinion in the St. Petersburg press, barring the anti-Semitic papers, that the author of the strained relations and of the ritual murder can't be the newspaper Bessarabets. A petition of the Jewish community of Kishineff to the Director of the Department of Police Lopoukhin, in pointing this out, says: "In Bessarabia generally, and in Kishineff particularly, there were no strained relations between Jews and Christians until a very recent date. This is explained by the peaceful and orderly character of the local population, and the comparative prosperity of the province. During twenty years or more there had been no conflict whatever between the two elements of the population, and when Jews were being pillaged all throughout south and south-west Russia, the ordinary peaceful life of Bessarabia remained undisturbed."

The Jewish society named the Bessarabets as the direct instigator of the trouble. "This newspaper was established five years ago," the report stated. "Until its appearance there was no local organ of the press. It therefore found virgin soil and from the beginning had a tremendous influence. In its second year the Bessarabets began a regular and systematic baiting of the Jewish population. In fact, Jew-baiting became its recognized specialty."

This has long been known to every reader of the Russian newspapers, scarcely a month passing without the citation of some anti-Semitic utterance of this newspaper by other papers. "We could quote articles," the report continued, "which amounted to a simple call for the extermination of the Jews en masse." The Jewish community went on to say that the local censorship, administered by the vice governor, eventually approved the course of the Bessarabets, and directed attention to the persistent refusal of the St. Petersburg press administration to permit the establishment of any other newspaper at Kishineff. The Bessarabets continued preaching "Death to Jews!" or "All Jews should be killed off!" until the massacre, its attacks culminating in the accusation of ritual murder. The Jewish community established these facts and then related that leaflets were handed about the streets and posted in the cheap restaurants and tea houses, stating that "the Czar has decided to kill the Jews during the first three days of Easter."

## MARINE ENGINEERS.

The marine firemen of Norfolk have met and decided upon a new scale of wages, which, if not met by the boat owners, is likely to tie up all of the harbor craft. The scale is an advance of from \$5 to \$10 a month over the old and will be demanded not only by the 250 white firemen of the Norfolk branch of the Atlantic Coast Marine Firemen's Union, but by the 250 colored firemen, who also are well organized in Norfolk. The agreement between the white and colored workers is the result of a joint meeting of delegates from both bodies. The end of the marine engineers' tie-up is near. Only two of the big lines, the Old Dominion and New York, Philadelphia, and Norfolk Railway, are now holding out, and these lines are operating but a portion of their fleet. The New York, Philadelphia and Norfolk Railway, a branch of the Pennsylvania, has placed one of its five-tied-up tugs in commission, paying the engineers the scale they demand. The Old Dominion has not as yet resumed the operation of any of its North Carolina lines, and in consequence the shipment of much freight north is delayed. The steamer Dennis Simmons on the North Carolina Sound route yesterday went out with association engineers, and several tugs recently tied up have gone to sea with their old engineers. Mr. M. K. King, chairman of the association organized by the owners and agents previous to the walk-out, says there is no change in the situation. The Farmers' Manufacturing Company, which manufactures all kinds of crates for farm products, announced yesterday that unless the engineers' strike ended soon, they would shut down their plant and lay off 300 employees. This company gets its logs from North Carolina, and the tieup in tugs and steamers on the Carolina routes has shut off the supply. There has been but one engineer imported up to this time for work in Norfolk.

## ANOTHER CHAPTER IN HER HISTORY.

—Another chapter was added yesterday to the romantic history of Laura Biggar, when an order of arrest was signed by Justice Dickey, in the Supreme Court of Brooklyn, directed against Dr. Charles C. Hendrick. His wife is suing for a limited divorce. A summons was issued in a suit brought by Mrs. Hendrick against Laura Biggar for \$100,000 damages for alleged alienation of her husband's affections. Process servers were unable to find Dr. Hendrick or Miss Biggar yesterday. Mrs. Hendrick in an affidavit says: "At this time I saw him and begged him to return to me, and he stated that he loved Laura Biggar and he was going to get a good share of her money. He also said that she was going to pay him well and that if I would keep quiet he would keep the children and me comfortable, but that she was going to take him to one of the western states. He further told me that the two were going to leave the state forever, as soon as Laura Biggar got her money out of the estate." Mrs. Hendrick understands that Laura Biggar settled her claim against the Bennett estate for \$500,000. Her husband, she says, is living in New York. Dr. Hendrick, ex-Justice of the Peace Samuel C. Stanton and Laura Biggar were all tried in New Jersey last December for conspiring to get the fortune of the late Henry M. Bennett, a Pittsburgh millionaire.

"Tisn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen."

## A SERIOUS CONDITION.

It is the opinion of conservative bankers that the situation in the financial district of New York is gradually becoming serious. They admit that there is foundation for the many rumors concerning prominent men and leading financial houses which have been in circulation for a week. The tremendous decline in stock values during the last four months, according to the best authorities, has by no means been the result of bearish manipulation. There has been an enormous amount of genuine liquidation, which has greatly reduced the fortunes of many men who two years ago could write their checks for millions. A leading New York bank president said last night that there was no doubt of the fact but that the fortunes of many multimillionaires had actually been cut in half during the last year. The names of several men who have been very prominent in financial affairs recently are mentioned in nearly every broker's office in Wall street in connection with the heavy liquidation and with the collapse of a number of industrial concerns. One man whose name is seen in the newspapers nearly every day is committed to underwriting syndicates for over \$20,000,000, and has been compelled to liquidate thousands of shares of stocks in order to straighten himself. The head of a very prominent firm which has been associated with several industrial combinations is commonly reported to be very seriously embarrassed. A brokerage firm which has done a large Canadian wire business is mentioned in the rumors of the day as having become seriously involved because of the collapse of the speculative boom in Canada. The actual assets of the persons and firms whose names are heard most frequently in connection with the financial troubles are much greater than their liabilities, but it will take several days to determine whether they will be able to pass the crisis safely.
